Notes:

MODEL #25

Pail Elevator / Pail Dumper / Pail Lift

Lift and Empty Pails Easily!

Safe and easy to operate!

Protect your workers from needless injuries!

Save labor - one person can perform several tasks!

Semiautomatic Operation:

1. Place the pail on the platform.
2. Switch the lever to raise the pail.
3. The pail automatically rises and tips over to dump the product.
4. Switch the lever to lower the pail after scraping excess product out.
5. The pail lowers to the platform and is released from the holding ring.
6. Load another full pail onto the platform.

Key Features:

- Portable, light weight unit
- Emergency stop lever
- AC drive motor for smooth operation
- For hoppers up to 45" high
- Special elevators are available for hoppers over 45" high
