Notes:

MODEL #30

Five Gallon Pail Rinser / Pail Washer

Recycle the Easy Way!

No More Stacks of Dirty Pails!

For Rinsing Pails with Water and/or Mild Detergent

Semiautomatic Operation:

1. Place the dirty pail upside down on the washer.
2. Press the lever to start the rinse cycle.
3. Water comes out of the wash head and the pail lowers.
4. Water continues to come out of the wash head as the pail reaches its lower position and rises back up.
5. When it reaches the upper position, the water automatically shuts off.
6. Unload the clean pail.
7. Load the next dirty pail.

Key Features:

- Two separate rinse cycle speed adjustments for raising or lowering
- Portable light weight unit
- Designed for easy wash down
- 304 stainless steel construction
- Air operated
- Designed to be used at the pail dumping station

Container Size Range:

- 5 gallon pails
