Features and Benefits

Interchangeable with Our Variegators:

This unit will fit in place of one of our variegators.

- Quick change over from variegated to marbled products

Unique 4-Blade Mix Paddle:

- Pushes product downstream when run clockwise; pushes upstream when drive is reversed
- All welds are 100% ground and polished
- All product contact surfaces easily cleaned and inspected

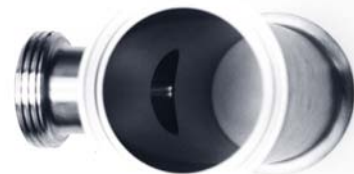

High Quality Fittings:

We use only the best quality tees and fittings built to our specifications.

- Ferrules welded at a 90° angle on both ends
- Perfect fit ensures consistent mixing day in and day out

Same Day Repair Service:

If you do have a problem with one of our variegators, send it back and we will repair it the same day.
